

# Your 2019 Formulary

Effective January 1, 2019

**For the most current list of covered medications or if you have questions:**

Call the member phone number on your ID card.

Visit your plan's member website listed on your ID card to:

- Locate a participating retail pharmacy by ZIP code.
- Look up possible lower-cost medication alternatives.
- Compare medication pricing and options.

## Understanding your formulary

### What is a formulary?

A formulary is a list of prescribed medications chosen by your plan for their safety, cost and effectiveness. Medications are listed by categories or classes and are placed into cost levels known as tiers. It includes both brand and generic prescription medications approved by the U.S. Food and Drug Administration (FDA).

### How do I use my formulary?

You and your doctor can consult the formulary to help you select the most cost-effective prescription medications. This guide tells you if a medication is generic or brand, and if special rules apply. Bring this list with you when you see your doctor. If your medication is not listed here, please visit your plan's member website or call the member phone number on your ID card.

### What are tiers?

Tiers are the different cost levels you pay for a medication. Each tier is assigned a cost, determined by your employer or plan sponsor. This is how much you will pay when you fill a prescription.

### When does the formulary change?

- Medications may move to a lower tier at any time.
- Medications may move to a higher tier when a generic equivalent becomes available.
- Medications may move to a higher tier or be excluded from coverage on January 1 or July 1 of each year.

When a medication changes tiers, you may have to pay a different amount for that medication.

### Why are some medications excluded from coverage?

A medication may be excluded from coverage under your pharmacy benefit when it works the same as or similar to another prescription or over-the-counter (OTC) medication.

### What if I don't agree with a decision about an excluded medication?

You (or your authorized representative) and your doctor can ask for a coverage request by calling the member phone number on your ID card.

---

### About this formulary

Where differences exist between this formulary and your benefit plan documents, the benefit plan documents rule. This may not be a complete list of medications, and not all medications listed may be covered by your plan. Please look at the benefit plan documents provided by your employer or plan sponsor for full details.

---

## Medication tips

### **What is the difference between brand-name and generic medications?**

Generic medications contain the same active ingredients (what makes the medication work) as brand-name medications, but they often cost less. Once the patent for a brand-name medication ends, the FDA can approve a generic version with the same active ingredients.

### **What if my doctor writes a brand-name prescription?**

If your doctor gives you a prescription for a brand-name medication, ask if a generic equivalent or lower-cost option is available and could be right for you. Generic medications are usually your lowest-cost option.

### **What if I am taking a specialty medication?**

Specialty medications treat rare or complex conditions and are typically higher cost medications. Please note, not all specialty medications are listed in the formulary. BriovaRx®, the OptumRx® specialty pharmacy, can provide most of your specialty medications along with helpful programs and services. Call BriovaRx at **1-855-4BRIOVA (1-855-427-4682)** and have your prescriptions delivered right to your home or doctor's office.

---

### **Over-the-counter medications**

An OTC medication may be the right treatment option for some conditions. Talk to your doctor about available OTC options. Even though these medications may not be covered by your pharmacy benefit, they may cost less than a prescription medication.

---

## Reading your formulary

The formulary gives you choices so you and your doctor can determine your best course of treatment. In this formulary, brand-name medications are shown in UPPERCASE (for example, CLOBEX) and generic medications in lowercase (for example, clobetasol).

### Tier information

Using lower tier or preferred medications can help you pay your lowest out-of-pocket cost. Your plan may have multiple or no tiers. Please note: If you have a high deductible plan, the tier cost levels will apply once you hit your deductible.

Drug Tier	Includes	Helpful Tips
<b>Tier 1</b>	\$ <b>Lower-cost</b> generics and some brand-name	Use Tier 1 drugs for the lowest out-of-pocket costs.
<b>Tier 2</b>	\$\$ <b>Mid-range cost</b> preferred brand-name	Use Tier 2 drugs instead of Tier 3 to help reduce your out-of-pocket costs.
<b>Tier 3</b>	\$\$\$ <b>Highest-cost</b> preferred brand-name	Many Tier 3 drugs have lower-cost options in Tier 1 or 2. Ask your doctor if they could work for you.

### Drug list information

In this drug list, some medications are noted with letters next to them to help you see which ones may have coverage requirements or limits. Your benefit plan determines how these medications may be covered for you.

<b>SP</b>	<b>Specialty Medication</b> – Medication is designated as specialty.
<b>3P</b>	Tier 3 preferred
<b>QL</b>	<b>Quantity Limit</b> – Medication may be limited to a certain quantity.

## Nondiscrimination notice and access to communication services

OptumRx and its family of affiliated Optum companies does not discriminate on the basis of race, color, national origin, age, disability, or sex in its health programs or activities.

We provide assistance free of charge to people with disabilities or whose primary language is not English. To request a document in another format such as large print or to get language assistance such as a qualified interpreter, please call the number located on the back of your prescription ID card, TTY 711. Representatives are available 24 hours a day, seven days a week.

If you believe that we have failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can send a complaint to:

OptumRx Civil Rights Coordinator  
11000 Optum Circle  
Eden Prairie, MN 55344

Phone: **1-800-562-6223, TTY 711**  
Fax: 855-351-5495  
Email: **Optum\_Civil\_Rights@Optum.com**

If you need help filing a complaint, please call the number located on the back of your prescription ID card, TTY 711. Representatives are available 24 hours a day, seven days a week. You can also file a complaint directly with the U.S. Dept. of Health and Human Services online, by phone, or by mail:

**Online:** <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>  
Complaint forms are available at  
<http://www.hhs.gov/ocr/office/file/index.html>

**Phone:** Toll-free **1-800-368-1019**, 800-537-7697 (TDD)

**Mail:** U.S. Dept. of Health and Human Services, 200 Independence Avenue, SW Room 509F, HHH Building Washington, D.C. 20201

This information is available in other formats like large print. To ask for another format, please call the telephone number listed on your health plan ID card.

## Multi-language interpreter services

ATTENTION: If you speak English, language assistance services, free of charge, are available to you. Please call the toll-free phone number listed on your identification card.
